

EXPAND TO THE U.S. WORKSHOP

Tuesday, May 7, 2019
Dobisky Visitor's Center
100 Riverside Avenue, Ogdensburg, N.Y

Join the U.S. Commercial Service of the Embassy of the United States of America, the Ogdensburg Bridge and Port Authority, and the St. Lawrence County Industrial Development Agency at the "[Expand to the U.S. Workshop](#)" in Ogdensburg, NY, Tuesday, May 7, 2019.

This full-day event will introduce Canadian companies to expansion opportunities in the City of Ogdensburg, the St. Lawrence County, and throughout New York State. The NY region provides Ontario and Quebec firms with convenient and quick access to the US market. Locating a facility in Ogdensburg can increase your sales to several United States markets and minimize, and in some cases eliminate, cross border issues and delays. Our close proximity to your Canadian-based operation reduces travel costs, inventory, management and administrative costs.

This limited full-day program will provide key and valuable information including:

- ✓ Expert advice on incorporation, taxation, immigration and workforce.
- ✓ Business incentives for reduced utility costs and training programs.
- ✓ Site selection advice for ideal sites and buildings.
- ✓ Financing and insurance help by Export Development Canada.
- ✓ Case studies of successful Canadian businesses in Ogdensburg.
- ✓ A tour of Ogdensburg's Commerce Park, home to several Canadian firms.

If your company is considering a business expansion into the United States, you are strongly encouraged to register for this full day event.

Registration Fee: \$40 USD
